EXECUTIVE DIRECTOR REPORT

Mr. Sigurdson presented members with a memorandum regarding this matter that is attached to and made a part of these minutes. Mr. Sigurdson told members that campaign finance reports for political committees and funds, state party units, legislative caucuses, and appellate court judicial candidates were due on September 22, 2020. Mr. Sigurdson also said that nearly 50 people had attended a compliance training class offered through Webex. Mr. Sigurdson said that given the popularity of the online classes, staff would continue to offer these trainings in the future.

A. Post primary public subsidy payments

Mr. Sigurdson told members that the post primary public subsidy payments had been issued. Mr. Sigurdson then briefly reviewed the total amounts issued and explained how the payments varied depending on the candidate's party, location, and office sought.

B. 2019 Lobbyist Summary

Mr. Sigurdson told members that the 2019 Lobbyist Summary had been issued. Mr. Sigurdson said that the summary contained 150 pages of information about the amounts spent on lobbying in 2019. Mr. Sigurdson briefly reviewed how the Board's legislative recommendations could change the information presented in the summary and on the Board's website. Mr. Sigurdson stated that he would be meeting with the Minnesota Governmental Relations Council on September 11, 2020, to discuss the legislative recommendations.

ENFORCEMENT REPORT

A. Discussion items – Requests to refer matters to the Attorney General's Office

1. Swing Right PAC

Mr. Olson told members that the Swing Right PAC (41214) was an independent expenditure political committee that had registered with the Board in October 2018. The committee filed a 2018 pre-general report on October 30, 2018, disclosing \$8,000 in receipts and \$962.50 in expenditures, leaving a cash balance of \$7,037.50. Mr. Olson said that the committee had failed to file year-end reports covering 2018 and 2019 and had not filed any reports covering 2020. Mr. Olson stated that the committee had incurred a \$1,000 late filing fee and a \$1,000 civil penalty for the 2018 year-end report, as well as a \$50 late filing fee for the 2018 pre-general report. Multiple letters mailed to the address listed on the committee's registration statement for Alyssa Eichman, the committee's treasurer and chair, had been returned as undeliverable. Mr. Olson said that a letter had been mailed to what staff believed to be Ms. Eichman's current address on July 1, 2020, but no response had been received. Mr. Olson said that staff was asking the Board to refer the matter to the Attorney General's Office to seek an order compelling filing of a 2018 year-end report and any additional reports that were required to be filed as well as payment of the balance owed.

2. Marcus Harcus (House candidate and lobbyist) and MN Campaign for Full Legalization (lobbyist principal)

maximum civil penalty of \$1,000 for each of those reports. Mr. Olson stated that Mr. Harcus also owed late filing fees of \$1,000 for his lobbyist disbursement report due January 15, 2019, and \$200 for his lobbyist disbursement report due June 15, 2018. The Board previously had agreed to reduce the amount of \$1,200 to \$200, contingent upon payment of the remaining balance, but no payment had been received from Mr. Harcus.

Mr. Olson said that Mr. Harcus also was the executive director and sole lobbyist of lobbyist principal MN Campaign for Full Legalization, which had failed to file its 2019 annual report of lobbyist principal. The principal had incurred the maximum late filing fee of \$1,000 and the maximum civil penalty of \$1,000 for that report. CAMPAIGN FINANCE BOARD

Date: September 2, 2020

To: Board Members

From: Jeff Sigurdson, Executive Director

Re: Executive Director's Report

Campaign Finance Reports: Notices of the need to file the 4th Report of Receipts and Expenditures were sent to 415 political committees, political funds, and political party state central committees and legislative caucuses on August 20, 2020. The reports are due on September 22nd, and cover financial activity that occurred by September 15, 2020.

Campaign Finance Training: Staff conducted a WebEx compliance training class on August 26, 2020. About 50 candidates and treasurers attended the training. Because of the continued popularity of the training I have asked Ms. Engelhardt to schedule classes as warranted through the November election.

Public Subsidy Payments: On August 24, 2020, the Board issued \$2,069,143 in public subsidy payments to 348 qualified candidates for the Minnesota Senate and House of Representatives. To qualify for a public subsidy payment the candidate must sign the public subsidy agreement, be opposed at either the primary or general election, win the primary election if opposed, raise a specified amount of contributions from eligible Minnesota voters, and file an affidavit of contributions stating that the candidate has raised the required amount.

The money used for the public subsidy payments comes from an appropriation of \$1,020,000 which is divided evenly among major party candidates for an office regardless of party affiliation, and from the \$5 political party check-off on the state income and property tax forms. The political party check-off money is allocated based on a formula that considers the number of taxpayers within a legislative district that select a particular party, and the preceding state general election results for the district. This results in a broad range of amounts for the political party payments depending on the relative strength of the political party in the district. For example, total public subsidy payments issued to house candidates ranged from \$2,479 to the Republican candidate in District 7B, to a high of \$10,034 issued to the DFL candidate in District 61A. For senate candidates the range was from \$5,903 paid to the Republican candidate in District 7, to a high of \$19,295 paid to the DFL candidate in District 61. The average payment to house candidates was \$4,595, the average payment to senate candidates was \$9,073. A report of public subsidy payments by district and party is attached to this report.

Lobbyist Disbursement Summary: Each year Board staff produces a summary on disbursements made to influence official actions in Minnesota. The summary provides 159 pages of detailed information on the lobbyists registered for each principal along with total lobbying disbursements reported during the year. The summary also provides an overview of total lobbying disbursements reported for various categories, and identifies the associations that made the largest expenditures by lobbying area in 2019. A copy of the summary is attached to this report. A couple of interesting charts from the summary are shown below.

Lobbyist Principal Disbursements 2016 – 2019

The total amount spent on influencing all types of official actions decreased by 3.5% between 2018 and 2019. Much of the increase from 2016 to 2018 can be attributed to increased spending to influence the actions of the Public Utilities Commission.

Expenditures by Lobbying Subject

Once a year the designated lobbyist for each principal reports the subjects on which the lobbyists represented the association. Linking that information to the disbursements reported by the principal's lobbyists provides a fairly accurate picture of the amount spent on lobbying subjects during 2019. Board staff makes some assumptions when categorizing the subjects listed on the lobbyist reports into the nineteen broad subject areas used in the graph.

EXECUTIVE SUMMARY

The Campaign Finance and Public Disclosure Act (Minnesota Statutes Chapter 10A) requires lobbyists to report disbursements for lobbying purposes to the Campaign Finance and Public Disclosure Board twice each year. The Act also requires principals to file an annual report disclosing expenditures to the nearest \$20,000. This summary is based on the reports of lobbyists and principals filed for calendar year 2019.

During 2019, 1,468 individuals were registered as lobbyists to represent 1,527 associations and individuals. Lobbyists filed 4,338 periodic reports for the twelve-month period, 92% of which were filed electronically. The lobbyist disbursement reports disclosed a total of \$11,936,140 spent on lobbying activities. This amount does not include salaries and fees paid to lobbyists. Lobbyists are not required to disclose their salaries or fees, although principals do include lobbyist salaries and fees in total lobbying expenditures. Lobbyists and principals are not required to disclose political contributions, which are disclosed by the recipients on periodic campaign finance reports.

Principals filed 1,417 annual reports for 2019, 89% of which were filed electronically. Principal expenditures were disclosed in two numbers: 1) the amount spent to influence administrative action by the Minnesota Public Utilities Commission (MN PUC) in cases of rate setting, power plant and power line siting, and granting of certificates of need; and 2) all other lobbying expenditures in Minnesota not included in number one. Expenditures by principals may be rounded to the nearest \$20,000 for reporting purposes. Principals reported a total of \$76,173,175 in expenditures, with \$7,809,960 of that total being expenditures for lobbying the MN PUC and \$68,363,215 in expenditures for all other lobbying. This amount includes lobbyist salaries, advertising and public relations campaigns, and all other lobbying disbursements made by the principals and lobbyists.

Lobbyists reported that 1,011 (71%) of the 1,431 principals represented made disbursements for lobbying purposes during 2019. The reports disclosed that 82% of lobbying disbursements were made for the purpose of influencing legislative action, 16% of disbursements were made to influence administrative action, and 2% were made to influence the official actions of metropolitan governmental units. See page 5 for a comparison of total lobbying disbursements by type of lobbying reported and total lobbying expenditures reported by principals in 2018 and 2019.

Lobbyists must disclose gifts, loans, items, and services equal in value to \$5 or more given or paid to officials by the lobbyist, the lobbyist's principal, or an employee of the lobbyist. Twenty-five lobbyists reported giving items or benefits totaling \$5,986 to 89 legislators, three constitutional officers, and 15 public officials. See page 18 for definitions and see subsequent pages for details of the gifts.

Education Minnesota reported the largest total lobbyist disbursements during the period, and the largest total disbursements for legislative action lobbying. CenterPoint Energy Resources Corp. reported the largest total disbursements for administrative action lobbying. The largest total disbursements for attempts to influence actions of metropolitan governmental units was reported by the FairVote MN. The largest total amount spent to influence administrative action by the Minnesota Public Utilities Commission was reported by Enbridge Energy Partners LP. Complete lists of the entities that reported making the largest amounts of disbursements and the largest amounts of disbursements by type of lobbying begin on page 24.

This summary also includes a list of associations and the lobbyists that represented each association during 2019 along with the total disbursements made by each association. See page 34 for this information.

LOBBYING OVERVIEW

What is lobbying?

Lobbying is attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or defined local officials. Any activity that directly supports this communication is considered a part of lobbying.

Who is a lobbyist?

For the purpose of this summary, “lobbyist” means:

1) An individual who is engaged for pay or other consideration of more than \$3,000 from all sources in a year for the purpose of attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials;

2) An individual who is not compensated more than \$3,000 but spends more than \$250 in any year (not including travel expenses and membership dues) for the purpose of attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit by communicating with or urging others to communicate with public or local officials;

3) A non-elected local official or an employee of a political subdivision who spends more than 50 hours in any month attempting to influence legislative or administrative action or the official action of a metropolitan governmental unit, other than the political subdivision employing the official or employee, by communicating with or urging others to communicate with public or local officials, including time spent monitoring any of the forenamed actions and related research, analysis, and compilation and dissemination of information relating to legislative, administrative, or metropolitan governmental unit policies in Minnesota.

Who is not a lobbyist?

1) An individual who merely communicates with a public official to obtain information or request an interpretation of a law, rule or agency action;

2) An individual who volunteers personal time to work without pay on a lobbying campaign and does not spend more than \$250 on lobbying activities; and

3) An individual who provides administrative support to a lobbyist whose salary and expenses are reported by the lobbyist and who does not actually lobby.

About lobbyist registration

A lobbyist must register with the Campaign Finance and Public Disclosure Board on behalf of each association or individual that the lobbyist represents. Registration information includes the name and address of the registrant; the name and address of the association (including officers and directors) or individual represented; the lobbyist’s reporting status; and a general description of subjects on which the lobbyist expects to lobby and the kind of action the lobbyist seeks to influence.

FINDINGS, CONCLUSIONS, AND ORDER

IN THE MATTER OF THE PELOWSKI (GENE) VOLUNTEER COMMITTEE

Background

The Pelowski (Gene) Volunteer Committee is the principal campaign committee of Representative Gene Pelowski Jr. The committee's 2017 year-end report of receipts and expenditures itemized \$802.08 in campaign expenditures paid to Quality Furniture Rental described as "Equipment Rent: furniture rental for St Paul apartment," \$631.39 in expenditures paid to "The Penfield" described variously as "Rent: security deposit & parking at rental unit," "Lodging: utility charges at rental," and "Lodging: energy at rental," and \$691.94 in expenditures paid to Xcel Energy described as "Lodging: energy at rental." The committee's 2018 year-end report itemized \$952.10 in expenditures paid to "The Penfield" described variously as "Rent: Dec rent for St Paul apartment" and "Utilities: St Paul apartment," and \$285.30 in expenditures paid to Xcel Energy described as "Electricity: St Paul apartment." The committee's 2019 year-end report itemized \$613.46 in expenditures paid to Xcel Energy described as "Utilities: Rep's St Paul apartment." The sum total of those expenditures is \$3,976.27, including a total of \$2,125.41 in 2017, \$1,237.40 in 2018, and \$613.46 in 2019.

In April 2020 the Board's executive director opened a staff review regarding the committee's expenditures related to a St. Paul apartment. The expenditures did not appear to be related to the conduct of Representative Pelowski's election campaigns and were not classified as noncampaign disbursements, thus they appeared to have been prohibited by Minnesota Statutes section 211B.12. In response to a letter from Board staff, Kevin Beck, counsel for Representative Pelowski, stated that the expenditures in question were inconsistent with Minnesota Statutes section 211B.12. Mr. Beck explained that the payments "were made in error." Mr. Beck stated that "[t]he error was an unintentional interpretation of campaign and non-campaign expenditures and represents an isolated incident." Mr. Beck also said that the committee's treasurer now "understands the restrictions with respect to any further disbursement of campaign funds."

Analysis

Minnesota Statutes section 211B.12 prohibits a principal campaign committee from using money collected for political purposes "unless the use is reasonably related to the conduct of election campaigns, or is a noncampaign disbursement." The payments in question were not related to the election campaigns of the Pelowski Volunteer Committee, and they do not fall under any of the noncampaign disbursement categories established in Chapter 10A.

The Board may impose a civil penalty of up to \$3,000 for a violation of Minnesota Statutes section 211B.12, pursuant to Minnesota Statutes section 10A.34, subdivision 4. When deciding whether to impose a civil penalty, and the amount of that penalty, the Board considers several factors.¹ The Pelowski committee has no history of past violations of Minnesota Statutes section 211B.12 and there is no evidence in the record indicating that the committee willfully violated the statute. The committee disclosed the expenditures in question within reports filed with the Board, which are accessible to the general public, indicating that the committee believed that the expenditures were a permissible use of committee funds. The amount of money involved was significant and provided an economic benefit to Representative Pelowski.

Based on the above background and analysis, the Board makes the following:

Findings of Fact

1. The Pelowski (Gene) Volunteer Committee used \$3,976.27 of its money to pay for utilities, furniture rental, a deposit, parking, and one month's rent associated with Representative Pelowski's apartment in St. Paul.
2. The funds used by the committee consisted of money collected for political purposes.
3. The committee did not understand that the expenses could not be paid for with committee funds and did not intend to misuse those funds.
4. Representative Pelowski gained an economic benefit from the expenses paid by his principal campaign committee.

Based on the above analysis and findings of fact, the Board makes the following:

Conclusions of Law

1. The Pelowski (Gene) Volunteer Committee spent \$3,976.27 on services that were not reasonably related to the conduct of Representative Pelowski's election campaigns and that did not qualify as noncampaign disbursements. The committee therefore spent \$3,976.27 in violation of Minnesota Statutes section 211B.12.

¹ Minnesota Statutes section 14.045, subdivision 3, lists factors that agencies should consider when setting the amount of a fine including the gravity, willfulness, and number of violations; the offender's past violations and economic benefit; and any other factor that justice requires.

Based on the above findings of fact and conclusions of law, the Board issues the following:

Order

1. Representative Pelowski must personally reimburse the Pelowski (Gene) Volunteer Committee \$3,976.27. This reimbursement payment is the total amount of campaign funds that were used for purposes prohibited by Minnesota Statutes section 211B.12 in 2017, 2018, and 2019.
2. Representative Pelowski must provide documentation within 30 days from the date of this order showing the deposit of the reimbursement payment into the committee's bank account.
3. A civil penalty of \$1,000 is imposed against the Pelowski (Gene) Volunteer Committee for its use of committee funds in violation of Minnesota Statutes section 211B.12. The Pelowski committee is directed to forward to the Board payment of the civil penalty, by check or money order payable to the State of Minnesota, within 30 days of the date of this order.
4. If the committee does not comply with the provisions of this order, the Board's executive director may request that the attorney general bring an action on behalf of the Board for the remedies available under Minnesota Statutes section 10A.34.
5. The Board investigation of this matter is concluded and hereby made a part of the public records of the Board pursuant to Minnesota Statutes section 10A.022, subdivision 5.

IN THE MATTER OF THE COMPLAINT OF ERIK MORTENSEN REGARDING THE VOTE FOR LOONAN
(ROBERT) COMMITTEE

Background

On August 10, 2020, the Campaign Finance and Public Disclosure Board received a complaint submitted by Erik Mortensen regarding the Vote for Loonan (Robert) committee. Vote for Loonan is the principal campaign committee of Robert Loonan, a candidate for Minnesota House of Representatives District 55A.

The complaint alleges violations of Minnesota Statutes section 211B.04, which regulates the use of disclaimers on campaign material. The complaint alleges that an individual named Dustin Grage commented on posts in a private Facebook group called "Concerned Citizens of Shakopee." The complaint alleges that Mr. Grage is the owner of DG Digital Marketing. The 2020 pre-primary report for the Vote for Loonan committee shows that the committee has paid DG Digital Marketing \$5,000 for "public relations/fundraising service: campaign advisory services." The complaint also includes a screenshot of a Facebook comment or message by Mr. Grage stating "For real though, Erik. I'm paid \$5,000 to point out these ridiculous occurrences by your campaign. Paid by Bob Loonan, not a grifter organization." The complaint includes screenshots of several comments made by Mr. Grage in the Concerned Citizens of Shakopee Facebook group. The complaint argues that those comments are campaign material and alleges that none of the comments by Mr. Grage included the disclaimer required for campaign material.

On August 17, 2020, the Board chair determined that the complaint alleged a prima facie violation of Minnesota Statutes section 211B.04. On August 24, 2020, Mr. Loonan responded to the complaint. Mr. Loonan's response states that the Vote for Loonan committee retained DG Digital Marketing to redesign the committee's website, manage the campaign committee's social media page, and make some posts and advertisements, but only from the Loonan committee's social media page. Mr. Loonan included in his response a copy of an email from DG Digital Marketing listing the services that were provided under the contract. Mr. Loonan specifically states that the committee did not retain Mr. Grage to respond using his own social media profile to posts on other social media sites regarding Mr. Loonan.

On August 31, 2020, staff spoke with Mr. Grage regarding this matter. Mr. Grage confirmed that he was not retained by the Vote for Loonan committee to respond to posts on a social media page separate from the Vote for Loonan social media page. Mr. Grage stated that he felt that he personally needed to respond to comments in a private Facebook group as he believes in Mr. Loonan as a candidate.

Analysis

When the Board chair makes a finding that a complaint raises a prima facie violation, the full Board then must determine whether probable cause exists to believe an alleged violation that warrants an investigation has occurred. Minn. Stat. § 10A.022, subd. 3 (d). A probable cause determination is not a complete examination of the evidence on both sides of the issue. Rather, it is a determination of whether a complaint raises sufficient questions of fact which, if true, would result in the finding of a violation.

Minnesota Statutes section 211B.04 requires principal campaign committees to include on their campaign material a disclaimer substantially in the form provided in Minnesota Statutes section 211B.04, subdivision 1. Here, the evidence supports the conclusion that the Loonan Committee did not prepare or pay for the social media posts referenced in the complaint. Mr. Grage was acting as a private individual, not as a vendor for the committee, when he made the Facebook posts referenced in the complaint. The disclaimer requirement in Minnesota Statutes section 211B.04 that requires a disclaimer on campaign material produced or paid for by a principal campaign committee does not apply to an individual under these circumstances.

Based on the complaint, the response from the Vote for Loonan committee, and staff's conversation with Mr. Grage, there is no probable cause to believe that the Vote for Loonan (Robert) committee violated the disclaimer requirements in Minnesota Statutes section 211B.04.

Order:

1. The allegation that the Vote for Loonan committee violated the disclaimer requirements in Minnesota Statutes section 211B.04 is dismissed without prejudice because there is no probable cause to believe that this violation occurred.

**PROBABLE CAUSE
DETERMINATION**

IN THE MATTER OF THE COMPLAINT OF MARK LIEBOW REGARDING THE MELIN (GARY) FOR MN HOUSE 26A COMMITTEE

On August 10, 2020, the Campaign Finance and Public Disclosure Board received a complaint submitted by Mark Liebow regarding the Melin (Gary) for MN House 26A committee. Melin (Gary) for MN House 26A is the principal campaign committee of Gary Melin, a candidate for Minnesota House District 26A.

The complaint alleged that Gary Melin filed to run for office in 2020 and, according to election officials, he did not file by petition. Therefore, either the Melin committee must have paid the \$100 filing fee or someone must have paid that fee on the committee's behalf. The filing period ended on June 2, 2020, and all the Melin committee's financial activities through July 20, 2020, needed to be disclosed on its pre-primary report of receipts and expenditures. The complaint stated that the Melin committee's pre-primary report, however, declared that the committee had not had any disbursements of any kind during the reporting period. The complaint therefore alleged that the Melin committee violated Minnesota Statutes section 10A.025, subdivision 2, paragraph (b), by omitting the \$100 filing fee from its pre-primary report.

On August 17, the Board chair determined that the complaint alleged a prima facie violation of Minnesota Statutes section 10A.025, subdivision 2, paragraph (b), and the reporting requirements in Minnesota Statutes section 10A.20, subdivision 3. On August 31, 2020, the treasurer for the Melin committee responded by telephone to the complaint. The treasurer stated that he had not known when he filed the pre-primary report that the committee had paid the filing fee because Mr. Melin had handled this expense. After receiving the complaint, the treasurer learned of the filing fee payment. He then filed an amended pre-primary report that includes the filing fee in the committee's unitemized noncampaign disbursements.

Analysis

When the Board chair makes a finding that a complaint raises a prima facie violation, the full Board then must determine whether probable cause exists to believe an alleged violation that warrants an investigation has occurred. Minn. Stat. § 10A.022, subd. 3 (d). A probable cause determination is not a complete examination of the evidence on both sides of the issue. Rather, it is a determination of whether a complaint raises sufficient questions of fact which, if true, would result in the finding of a violation.

If the Board finds that probable cause exists, the Board is required to determine whether the alleged violation warrants a formal investigation, considering the type and magnitude of the alleged violation, the knowledge of the respondent, any benefit to be gained from a formal

investigation, the availability of Board resources, and whether the violation has been remedied. Minn. R. 4525.0210, subp. 5. If the Board finds that probable cause exists but does not order a formal investigation, the Board is required to either dismiss the complaint or order a staff review. Minn. R. 4525.0210, subp. 6.

Minnesota Statutes section 10A.20, subdivision 3, requires a committee to disclose all of its financial activity on its reports to the Board, including in-kind transactions. Minnesota Statutes section 10A.025, subdivision 2, paragraph (b), provides that a person “shall not sign and certify to be true a report or statement knowing it contains false information or knowing it omits required information.” The Melin committee treasurer acknowledged that the committee had paid the \$100 filing fee and that he had omitted this expense from the pre-primary report. The omission, however, was due to the fact that he did not know about the payment when he prepared the report.

Based on the complaint and the response from the Melin committee, there is probable cause to believe that a violation of the reporting requirements in Minnesota Statutes section 10A.20, subdivision 3, has occurred. There is no probable cause to believe that there has been a violation of the certification requirements in Minnesota Statutes section 10A.025, subdivision 2, paragraph (b). There is no need for a formal investigation of the reporting violation because the Melin committee has filed an amended report disclosing the \$100 filing fee as an unitemized noncampaign disbursement.

Order

1. The allegation that the Melin (Gary) for MN House 26A committee violated the reporting requirements in Minnesota Statutes section 10A.20, subdivision 3, is dismissed without prejudice because although there is probable cause to believe that this violation occurred, no further investigation is warranted due to the committee’s filing of an amended report.
2. The allegation that the Melin (Gary) for MN House 26A committee violated the certification requirements in Minnesota Statutes section 10A.025, subdivision 2, paragraph (b), is dismissed without prejudice because there is no probable cause to believe that this violation occurred.

IN THE MATTER OF THE COMPLAINT OF MARK LIEBOW REGARDING THE NELS (PIERSON III) FOR HOUSE COMMITTEE

On August 10, 2020, the Campaign Finance and Public Disclosure Board received a complaint submitted by Mark Liebow regarding the Nels (Pierson III) for House committee. Nels (Pierson III) for House is the principal campaign committee of Representative Nels Pierson, a candidate for Minnesota House District 26A.

The complaint alleged that Representative Pierson filed to run for office in 2020 and, according to election officials, he did not file by petition. Therefore, either the Pierson committee must have paid the \$100 filing fee or someone must have paid that fee on the committee's behalf. The filing period ended on June 2, 2020, and all the Pierson committee's financial activities through July 20, 2020, needed to be disclosed on its pre-primary report of receipts and expenditures. The complaint stated that the Pierson committee's pre-primary report, however, declared that the committee had not had any disbursements of any kind during the reporting period. The complaint therefore alleged that the Pierson committee violated Minnesota Statutes section 10A.025, subdivision 2, paragraph (b), by omitting the \$100 filing fee from its pre-primary report.

On August 17, 2020, the Board chair determined that the complaint alleged a prima facie violation of Minnesota Statutes section 10A.025, subdivision 2, paragraph (b), and the reporting requirements in Minnesota Statutes section 10A.20, subdivision 3. On August 29, 2020, the treasurer for the Pierson committee responded to the complaint. The treasurer confirmed that the committee had paid the \$100 filing fee and that he had been remiss in not including this payment on the pre-primary report. The omission, however, was inadvertent. The treasurer has filed an amended report that includes the filing fee in the committee's unitemized noncampaign disbursements.

Analysis

When the Board chair makes a finding that a complaint raises a prima facie violation, the full Board then must determine whether probable cause exists to believe an alleged violation that warrants an investigation has occurred. Minn. Stat. § 10A.022, subd. 3 (d). A probable cause determination is not a complete examination of the evidence on both sides of the issue. Rather, it is a determination of whether a complaint raises sufficient questions of fact which, if true, would result in the finding of a violation.

If the Board finds that probable cause exists, the Board is required to determine whether the alleged violation warrants a formal investigation, considering the type and magnitude of the

alleged violation, the knowledge of the respondent, any benefit to be gained from a formal investigation, the availability of Board resources, and whether the violation has been remedied. Minn. R. 4525.0210, subp. 6.

Minnesota Statutes section 10A.20, subdivision 3, requires a committee to disclose all of its financial activity on its reports to the Board. Minnesota Statutes section 10A.025, subdivision 2, paragraph (b), provides that a person “shall not sign and certify to be true a report or statement knowing it contains false information or knowing it omits required information.” The Pierson committee treasurer acknowledged that the committee paid the \$100 filing fee and that he was remiss in not including that fee on the pre-primary report. The omission, however, was inadvertent.

Based on the complaint and the response from the Pierson committee, there is probable cause to believe that a violation of the reporting requirements in Minnesota Statutes section 10A.20, subdivision 3, has occurred. There is no probable cause to believe that there has been a violation of the false certification provisions in Minnesota Statutes section 10A.025, subdivision 2, paragraph (b). There is no need for a formal investigation of the reporting violation because the Pierson committee has filed an amended report disclosing the \$100 filing fee as an unitemized noncampaign disbursement.

Order

1. The allegation that the Nels (Pierson III) for House committee violated the reporting requirements in Minnesota Statutes section 10A.20, subdivision 3, is dismissed without prejudice because although there is probable cause to believe that this violation occurred, no further investigation is warranted due to the committee’s filing of an amended report.
2. The allegation that the Nels (Pierson III) for House committee violated the certification requirements in Minnesota Statutes section 10A.025, subdivision 2, paragraph (b), is dismissed without prejudice because there is no probable cause to believe that this violation occurred.

**STATE OF MINNESOTA
CAMPAIGN FINANCE AND PUBLIC DISCLOSURE BOARD**

FINAL AUDIT REPORT

2020 AUDIT OF ELIGIBILITY FOR PUBLIC SUBSIDY PAYMENTS:

A candidate must do the following to be eligible for public subsidy payments: (1) sign a public subsidy agreement in which the candidate agrees, among other requirements, to be bound by a spending limit; (2) raise a statutorily-specified amount in qualifying contributions from individuals, (3) file a notarized affidavit of contributions with the Board verifying that the candidate has raised the required amount in qualifying contributions, and (4) appear on the general election ballot.

To ensure eligibility for public subsidy payments, the Board audited the qualifying contributions of candidates seeking public subsidy payments who did not use the Campaign Finance Reporter software to submit their affidavits of contributions and whose total reported individual contributions were less than the audit threshold. The audit threshold was set at twice the amount a candidate was required to raise in qualifying contributions. For example, the required amount of qualifying contributions for a house candidate is \$1,500. This amount must be raised between January 1 of the previous odd-numbered year and the cutoff date for transactions included in the pre-primary-election report. Consequently, a candidate for house was subject to audit if the candidate was seeking public subsidy funds, did not use the Campaign Finance Reporter software to submit the original affidavit of contributions, and reported receiving \$3,000 or less in individual contributions between January 1, 2019, and July 20, 2020.

The following audit thresholds were used for the offices being contested in 2020:

Office	Threshold
Senate	\$6,000
House of Representatives	\$3,000

Applying the audit criteria to candidates who were seeking public subsidy resulted in an audit of 16 house candidates and five senate candidates. Attachment A lists the candidates who were subject to the audit.

Reporting individual contributions less than the audit threshold had no effect on a candidate's eligibility for public subsidy payments. It simply determined which candidates would be subject to an audit by the Board to ensure that their certified affidavits of contributions were, in fact, correct and that the candidates actually had raised the required amount in qualifying contributions.

The Board asked each candidate subject to the audit to provide a list of the individual contributions that had been included in the amount required to qualify for public subsidy along with each contributor's name and address. The information was used to determine whether the contributions and the contributors met the criteria in Minnesota Statutes, section 10A.323. To be included in the qualifying amount, a contribution had to have been made by an individual eligible to vote in Minnesota between January 1, 2019, and July 20, 2020. In addition, only the first \$50 from each

contributor could be included in the qualifying amount and in-kind contributions could not be considered.

All 21 committees submitted the requested information. Board staff reviewed the lists of individual contributors provided by the committees against the criteria for eligible qualifying contributions. Jeff Sigurdson, executive director to the Board, was the individual primarily responsible for the audit. Mr. Sigurdson was supported in evaluating the candidates' responses by Melissa Stevens, compliance officer, and Jodi Pope, legal analyst.

Audit finding:

The following committee subject to the audit did not raise the required amount in qualifying contributions:

Zina Alston Fizer for MN Senate

The remaining 20 committees subject to the audit raised the required amount in qualifying contributions.
